## Cultivate your spiritual faculties towards freedom!

This is **not** a concentration camp. It's not even about concentration. It's about cultivating **confidence, energy, mindfulness, collectedness and discernment**. When these are strong, the work for the ending of suffering becomes easier and more effective. Learn how to strengthen these spiritual faculties in this retreat.

Closing date: **14 May 2016** (Max: 40 places)

### *About the teacher*

**Kumāra Bhikkhu** was ordained in 1999 at the age of 27. With his training in education, he has been sharing the Dhamma in various ways and in several languages (mainly English, Mandarin and Hokkien) with Buddhists of various traditions and non-Buddhists too.

He is influenced by Bhaddanta Aggacitta Mahāthera to be open to Dhamma teachings beyond orthodoxy and tradition, so long as they work towards the ending of suffering. Inspired by his main meditation teacher, Sayadaw U Tejaniya ([www.ashintejaniya.org](http://www.ashintejaniya.org)), he is especially interested in spiritual teachings that show how to cultivate wisdom that removes the causes of suffering.
